

BRAND GUIDELINES

THE UNFAIR EDGE YOUR BUSINESS DESERVES.

The complete brand kit – logo, colour, type, and voice –
for everything Pacific Edge AI puts into the world.

AI THAT WORKS LIKE YOUR BEST EMPLOYEE.

Pacific Edge AI builds custom **AI employees** for Vancouver small businesses — restaurants, salons, trades, retail, and dental clinics. We give local owners the always-on, never-miss advantage that big companies pay enterprise prices for.

BOILERPLATE — SHORT

Pacific Edge AI builds custom AI employees for Vancouver small businesses — answering every call, text, and review so owners never lose work to a missed message again.

BOILERPLATE — LONG

Pacific Edge AI is a Vancouver-based AI consultancy building custom "AI employees" for local small businesses. Our flagship, **Janice**, answers calls and texts 24/7, books appointments, fills cancellations from the waitlist, sends reminders, and keeps reviews glowing — all in the business's own voice.

WHAT WE DO

- ◆ **Never miss a customer** — every call and text answered, day or night, after-hours included.
- ◆ **Fill the calendar** — booked appointments, recovered cancellations, fewer no-shows.
- ◆ **Protect the reputation** — review requests to happy customers, fast, on-brand replies.
- ◆ **Built custom** — shaped around how each business actually runs, in its own voice.

THE MARK

The logo is one lockup: the **three forward slashes** (motion, momentum, the "edge") set at a 15° lean, followed by the wordmark **pacific** in Ink and **edge.ai** in Edge Green. The slashes step down in opacity (100 / 60 / 45%). Always keep the slashes and wordmark together.

HOW WE SOUND

Confident, **not hypey**

We state outcomes plainly. No "revolutionary," no buzzwords.

Plain-spoken

Talk like a smart neighbour, not a software vendor. Zero jargon.

Outcome-focused

Missed calls, bookings, reviews, revenue — real things owners feel.

Local & human

Vancouver, small business, "in your voice." Warm, never corporate.

MEET JANICE

YOUR AI EMPLOYEE

SHE NEVER MISSES.

Janice answers your calls and messages, books the work, fills cancelled spots from your waitlist, sends reminders, and keeps your reviews glowing — around the clock, in your voice.

Janice is the face of the brand — always refer to the product as **Janice** (a teammate), never "the bot" or "the chatbot." She's custom-built per business and speaks in that owner's voice.
